The Core

The Cover

This Flame Resistant Mattress will self extinguish once flame is removed.

The Core is made of 100% polyester densified batting. Manufactured by the latest process technology to create a new product that is superior physically and also meets various flammability test standards. The dense, highly resilient batting is used to achieve outstanding performance. The core is lightweight, moisture and mildew resistant. Non-allergenic and odor free. Resistant to common cleaning materials.

The Cover is heavy duty 12.2 oz. vinyl in azure blue color. Cleans with a damp sponge and resists oil, dirt and grease. It is mildew and fungus proof. The cover meets the CPSC/DOC Federal Standard: "Alternate Sampling Plan Number Four to FF472 Mattress ticking".

All seams are double needle sewn with #16 nylon thread. The lock stitch is used. Seams face inside on three sides of the mattress. Lip seam glued with a special adhesive to permanently bond seam together.

Meets or exceeds the following tests for flame resistance:

- California Technical Bulletin 117 Section C
- California Technical Bulletin 117 Section D Part I
- California Technical Bulletin 121
- California Technical Bulletin 129
- ASTM E-162 Radiant Panel
- ASTM E-662 Smoke Density

Suicide Blanket, Smock & Sleeping Bag

Modesty Tab
for a legged
appearance.

Humane Safety products are made of rugged Quadlan quilted with 1" box stitches to deter shredding and tearing. The Humane Safety Blanket, Smock and Sleeping Bag provide modesty and warmth. Material is water resistant to shed soiling. Both are machine wash and dry for easy care. Smock has hook and loop shoulder and torso adjustments for easy application and adjustment, and will fit most up to jacket size 60. Smock now features a modesty tab for a legged appearance. Blanket is approximately 60"x86". Custom sizing is available on request. The Humane Safety Sleeping Bag features seven 2"x8" hook and loop match points to fashion a sleeping bag.

1953	Smock	\$99.50
1952	Blanket	\$89.50
1954	Sleeping Bag	\$139.95

Humane Wraps

Hook and loop closure allows for fast application and removal for juvenile to adult populations. The wraps are available in multiple sizes, easy-to-clean cotton, and features a control handle. They may be used alone to aid in physical holds, while applying wrist or ankle restraints, or along with wrist and ankle restraints as a 5th or 6th point. A great complement to the blanket wrap. Custom sizing is available.

Catalog #	Size	Price
2064	72" x 8" x 24"	\$59.50
2065	60" x 8" x 24"	\$59.50

Wrist-to-Wrist Restraint

Transport belt is great for transporting juvenile to adult populations. No keys are needed; belt secured with side release waist buckle allows for fast application and removal. Neoprene-lined cuffs secure with initial hook and loop closure and have double D-rings for additional security. They can be used with ankle restraints (2067) and are available with plastic buckles on wrists to allow for X-rays or metal detectors.

Ankle Hobble

The complementary product to the Wrist-to-Wrist. Web ankle hobble with permanent connecting strap impedes running or kicking. Constructed with neoprene lining for patient comfort and machine washable. Also available with plastic buckles on ankles to allow X-ray or metal detection.
