**Also available now  
with clear cover for  
added security**

**The Core**

This Flame Resistant Mattress will self extinguish once flame is removed.

The Core is made of 100% polyester densified batting. Manufactured by the latest process technology to create a new product that is superior physically and also meets various flammability test standards. The dense, highly resilient batting is used to achieve outstanding performance. The core is lightweight, moisture and mildew resistant. Non-allergenic and odor free. Resistant to common cleaning materials.

The Cover is heavy duty 12.2 oz. vinyl in azure blue color. Cleans with a damp sponge and resists oil, dirt and grease. It is mildew and fungus proof. The cover meets the CPSC/DOC Federal Standard: "Alternate Sampling Plan Number Four to FF472 Mattress ticking".

All seams are double needle sewn with #16 nylon thread. The lock stitch is used. Seams face inside on three sides of the mattress. Lip seam glued with a special adhesive to permanently bond seam together.

Meets or exceeds the following tests for flame resistance:

- California Technical Bulletin 117 Section C
- California Technical Bulletin 117 Section D Part I
- California Technical Bulletin 121
- California Technical Bulletin 129
- ASTM E-162 Radiant Panel
- ASTM E-662 Smoke Density
- Federal Aviation Administration
- DOC Federal Flammability Standard FF-4-72
- DFR 1632, California TB106

The standard 'safe' mattress to jailers and correction administrators. Stephens, Inc. is introducing what is probably the toughest built of this type of mattress. The core is high grade felted mattress cotton (70% liners - 30% pickers by weight) treated with boric acid (11%) to produce a high degree of fire resistancy. The mattresses are inner tufted to prevent shifting of cotton. Cotton batting is enclosed in 3 oz. typar inner cover before tufting. Grade #700FR cotton meets the requirements of the State of California Bureau of Home Furnishings Technical Bulletin Number 117 & 121.

The cover is the standard 12.2 oz. vinyl in an Azure Blue color. Cleans with a damp sponge and resists oil, dirt and grease. It is mildew and fungus proof. The cover meets the CPSC/DOC Federal Standard: "Alternate Sampling Plan Number Four to FF472 Mattress ticking".

All seams are double needle sewn with #16 nylon thread. The lock stitch is used. Lip seam glued with a special adhesive to permanently bond seam together.

# Vinyl Replacement Mattress Covers

**Recover those worn but usable mattresses with a new cover.**

Standard 12.2 oz. vinyl in an azure blue color. Cleans with a damp sponge. Resists oil, dust and grease. Mildew and fungus proof. Open end - sewn on three sides.

# Suicide Blanket, Smock & Sleeping Bag

Modesty Tab  
for a legged  
appearance.

Humane Safety products are made of rugged Quadlan quilted with 1" box stitches to deter shredding and tearing. The Humane Safety Blanket, Smock and Sleeping Bag provide modesty and warmth. Material is water resistant to shed soiling. Both are machine wash and dry for easy care. Smock has hook and loop shoulder and torso adjustments for easy application and adjustment, and will fit most up to jacket size 60. Smock now features a modesty tab for a legged appearance. Blanket is approximately 60"x86". Custom sizing is available on request. The Humane Safety Sleeping Bag features seven 2"x8" hook and loop match points to fashion a sleeping bag.

Catalog #	Item	Price
1953	Smock	\$99.50
1952	Blanket	\$89.50
1954	Sleeping Bag	\$121.50

## Humane Wraps

Hook and loop closure allows for fast application and removal for juvenile to adult populations. The wraps are available in multiple sizes, easy-to-clean cotton, and features a control handle. They may be used alone to aid in physical holds, while applying wrist or ankle restraints, or along with wrist and ankle restraints as a 5th or 6th point. A great complement to the blanket wrap. Custom sizing is available.

Catalog #	Size	Price
2064	72" x 8" x 24"	\$59.50
2065	60" x 8" x 24"	\$59.50
2066	36" x 8" x 14"	\$53.50

## Wrist-to-Wrist Restraint

Transport belt is great for transporting juvenile to adult populations. No keys are needed; belt secured with side release waist buckle allows for fast application and removal. Neoprene-lined cuffs secure with initial hook and loop closure and have double D-rings for additional security. They can be used with ankle restraints (2067) and are available with plastic buckles on wrists to allow for X-rays or metal detectors.

## Ankle Hobble

The complementary product to the Wrist-to-Wrist. Web ankle hobble with permanent connecting strap impedes running or kicking. Constructed with neoprene lining for patient comfort and machine washable. Also available with plastic buckles on ankles to allow X-ray or metal detection.

# Restraint Products

## Transport Leg Brace

Unique to Humane Restraint, the LAB-100 impedes running and kicking. It can be worn under clothing making it ideal for jury trials and airline travel where a discrete restraint is needed. Three nylon straps close with hook and loop for fast application and removal. A fourth strap, locking and made of heavy leather, provides extra security. Rugged steel upright has hinged knee with a spring-loaded pin that will maintain brace in upright position until released with lever. Use separately right or left, or right and left together for maximum security. Large storage bag easily accommodates a pair of leg braces.

Catalog #	Item	Price
0557	Leg Brace	\$245.00

## Locking Bed Restraint

Locking to patient, locking to bed.

**Intended use:** Restricts motion of the limbs of a restrained person. The lock promotes authorized release.

**Description:** The center webbing is 38" long and 4" wide. The leather straps are 32" long and 1-1/4" wide with twelve size adjustments. Wrist cuffs are 12" long and 2-1/2" wide and eight size adjustments ranging from 6" to 9-3/4". Ankle cuffs are 15" long and 2-1/2" wide with eight size adjustments ranging from 8" to 13-1/4". Custom sizing available.

### Bed Torso Restraint

**Intended use:** Restrains a person while in a bed. It may be used with or without wrist and ankle restraints.

**Description:** Center webbing is 48" long and 4" wide. Each side strap is 20" long and 1-1/4" wide. The leather straps have ten size adjustments.
